francypothuraju@gmail.com | 9347730699 | Narasapur, Andhra Pradesh

[LinkedIn](#) | [GitHub](#) | [Hackerrank](#)

Education

B.Tech: Computer Science Engineering, University College of Engineering, JNTUK | CGPA: 8.32 2021–2025
Intermediate: MPC, Sri Chaitanya Mahila Junior Kalasala | CGPA: 97.4 2019–2021

Skills

Languages: Python, C++, SQL, HTML, CSS, JavaScript

Libraries & Frameworks: NumPy, Pandas, Matplotlib, Scikit-learn, TensorFlow, Keras, PyTorch, Flask, Streamlit, FastAPI, Next.js

Expertise: Machine Learning, Cybersecurity, Data Analysis

Tools: Jupyter, Colab, VS Code, Git, MySQL, Word, Docker, PostgreSQL

Internships

Machine Learning Intern, SkillRaace

[Link](#) Jun–Aug 2024

- Developed 92% accurate Random Forest model for wine quality prediction, reducing rejections by 15%.
- Improved data quality to 98% completeness, increasing decision-making accuracy by 25%.
- Optimized forecasting, reducing prediction errors by 30%.

Cybersecurity Intern, Devtown

[Link](#) Apr–Jun 2023

- Detected 10+ vulnerabilities using Wireshark, lowering data breach risk by 40%.
- Directed network protocol optimization, improving response speed by 20% for 500 clients.
- Prevented 20+ phishing attempts, securing data for 300+ users.

Projects

Lung Disease Classification Tech: DenseNet, Streamlit, OpenCV, TensorFlow

[Link](#) Jul–Aug 2024

- Achieved 92% accuracy classifying lung diseases from 100k+ images using DenseNet121.
- Deployed Streamlit app, improving user engagement by 30%.

Human Activity Recognition Tech: Python, Flask, TensorFlow, OpenCV

[Link](#) Jun–Jul 2024

- Built 94% accurate CNN model for 15 activities with real-time feedback.
- Implemented Flask app for instant recognition, improving usability.

AI Career Path Recommender Tech: Python, FastAPI, Transformers (BERT), scikit-learn, Next.js, Docker, PostgreSQL Sep–Oct 2024

- Developed AI career coach app for 100+ users with FastAPI, BERT, and Next.js.
- Achieved 85%+ accuracy in predictions; reduced feedback time by 70%.

Certifications

- Data Analytics with Python and Data Science for Engineers - NPTEL
- Python Essentials-1 Badge - Cisco Networking Academy

[Link](#)

Leadership

- Managed 8-member team in full-stack web app development, achieving 95% client satisfaction.
